The trips taken during Study Tour are fun, hands on, and complete the course. Combining the lectures with the field comprehensive view of my favorite memories one of our traveling of the bus and walked some stabled horses covered field. Yisrael the story of a battle spot. I was amazed at contained on this grassy hill that no one would have been able to find without local knowledge. Yisrael is full of intimate knowledge with the land and history of Israel that gives an inside view of the place. If I had the opportunity I would take the Study Tour course all over again!"*
